## **Grrrl Talk**

Sass, Wit, and Wisdom  
from the Austin WriterGrrls

Foreword by Liz Carpenter

*Connect up with real women;  
women who've marched fearlessly  
through the muddy waters of life  
and emerged more  
powerful, passionate, and present;  
women with a renewed  
verve and zest for life;  
women unafraid to share it like it is.*
